About Me

Creative and innovative web developer with 12+ years in Moodle ecosystems. Specialised in front-end development, custom SCSS theming, and system administration. Currently learning AI and MCPs (Model Context Protocol), and using automation software like N8N with AI to create unique automations. Passionate about scalable e-learning, AI integration, and Linux automation.

Skills

- Moodle (Admin / Dev / Theming)
- Docker & Docker Compose
- Git, GitHub, GitLab
- JavaScript, React, Tailwind
- SCSS, Boost-Union, Themes
- Linux, Bash, Puppeteer
- Ruby on Rails, PostgreSQL
- AI Tools (Copilot, Lovable, MCPs)
- N8N Automation & Workflows
- Machine Learning (Python, Keras)
- Markdown & Obsidian Documentation

Languages

- Afrikaans – Native
- English – Fluent
- German – Conversational

Experience

2025 – Present – Front-End Developer (Contract)
eDaktik – Austria
- Custom SCSS overrides in Boost-Union theme to match client branding.
- Docker-based multi-client deployments with HTTPS.
- Moodle system administration and configuration.
- Screenshot automation using Puppeteer.
- AI-assisted coding with modern tools.

2024 – Front-End Developer
TTRO – Moodle Partner, South Africa
- Custom FNB "Fincents" project with JavaScript and Power BI data visualisation.
- Moodle system administration, custom reports, and client training.

2020 – 2023 – E-Learning Consultant & Project Lead
Kuberskool
- Launched online school from scratch.
- Moodle UX design and course authoring with gamification.
- Professional recording studio setup and video editing.

2023 – Full-Stack Student
Microverse
• Mastered Rails, React, Git, and data structures & algorithms while building full-stack applications.

2013 – 2019 – Moodle Educator & Course Designer
Aros & Akademia
• Designed 50+ distance learning courses on Moodle.
• Accredited Assessor & Moderator for Higher Education.

Education

2013 – 2014 – M.Phil in Philosophy
North-West University
2003 – 2008 – MDiv in Theology
North-West University

Certifications

• 2025 – AI Engineering PC (In Progress) – IBM
• 2024 – Moodle Admin & Developer Certification – Moodle Academy
• 2023 – JavaScript, React, Ruby on Rails – Microverse

Featured Projects

• kuberskool.co.za
• fincents.co.za
• lekkerrooibos.co.za
• gkoranjerivier.co.za
